

**Preamble:**

Bill 36 was passed by the Legislative Assembly on November 24, 2022, and received Royal Assent that same day. Upon being assented to, the *Health Professions and Occupations Act* was enacted by the Legislature. The Act comes into force by order of the Lieutenant Governor and with the advice and consent of the Executive Council on the recommendation of the Minister responsible and the presiding member of the Executive Council. Although not yet in force, having been enacted into law, the Bill cannot be withdrawn by the House. Similarly, it is now not the Minister of Health who decides whether to bring or not bring the Act into force by regulation. The only option within the purview of the Legislative Assembly is that it be requested to take steps to repeal the Act.

The exact wording of “the prayer” (e.g. petition) was created with guidance from an MLA and The Office of the Clerk. There are specific requirements with respect to the text within the prayer, and the request to the House must be within the purview of the Legislative Assembly. The Office of the Clerk unilaterally decides whether the petition is in order after the final petition has been presented to the House by the MLA. Thus, a preliminary review by the Office of the Clerk provides the best chance of a confirmed petition. Therefore, while you may disagree with the wording and/or request within the petition, we respectfully ask you to keep these thoughts to yourself, as there are strict guidelines to follow.
