WE NEED YOUR HELP!

HEALTHCARE WORKERS & PATIENTS ARE YOU AWARE OF **BILL 36**?

24 CURRENT HEALTH PROFESSION COLLEGES WILL BE AMALGAMATED INTO 6 GOVERNMENT CONTROLLED BOARDS THAT WILL LOSE THE PROFESSION-SPECIFIC SPECIALISTS AND EXPERTS THAT ARE NECESSARY TO OVERSEE A HEALTHCARE COLLEGE!

WHY IS **BILL 36** CONCERNING?

- ⚠ Will enable the Government to search and seize property of the provider.
- ⚠ Gives unprecedented power to the Health Minister.
- ⚠ The most pertinent details of the Government's/College's powers are left to be disclosed in future regulations free from debate or oversight.
- ⚠ Mandated medical interventions and forced "mental health assessments" at the behest of the Government.
- ⚠ Allows the Government to dictate arbitrary conditions of licensure and impose restrictions and limitations on the ability to practice in BC.
- ⚠ The Government can order a provider to produce **PRIVATE** clinical records at any given time.
- ⚠ The Health Minister determines what we are allowed to define as "informed consent".
- ⚠ It seems clear we have moved from regulator to dictator. Why are BC healthcare providers being treated like criminals?

WHAT DOES THIS MEAN FOR **YOU**?

- The loss of even more health care workers who are fleeing the BC healthcare system for other provinces.
- The loss of doctor-patient confidential records, as the Government can demand to see them.
